

DAILY ONE 12/24/2009

Do we need another government or our old Republic!
I am tired and fed up with trying to communicate with my fellow Americans when you consider their level of education amounts to talking to your dog and pretending it understands you. When was the last time you heard from someone a novel idea or an original idea! For to long we have accepted failure or the worse choice rather than what's needed to cure the problem and we call this democracy. Well I am tired of accepting this bullshit being dropped by our politicians and the news media. When are you American going to realize that it's over? We no longer live in a Republic or a democracy we live in an international private law territorial corporate society called the U.S. or if one has the aptitude to research the old George Rapp Society that what your in. What happened to the u.S.A.? For those of you that can read please use your computer to find title 28 sec. 1746-1 then read 1746-2 and understand the constitution does not apply to 1746-2! Take a look at your address, its three lines and uses a zip code, well that is a statute passed by congress for the 1746-2 for its statutory people and its use is voluntary in u.S.A. Take a look at Social Security its legislation was passed under 1746-2 and it is voluntary to use it in 1746-1, your under penalty of perjury statement for your 1040 and other documents are under 1746-2, not 1746-1 “**WHY**”. Here it is in a nut shell, your constitutional government of 1781 was modified and gradually was changed over to title 28 sec 1746-2 system which is completely opposite of what we had so by contract you volunteered. Who authorized this change? “**YOU DID**” you were tricked just like a magic trick but played on the whole population. How was this accomplished? Your parents schooling, your schooling and your churches inability to show you what was happening? In colonial days the churches keep you informed as to what the government was doing and how it affects you. Today we hear bullshit from the churches as to our existence in this fabricated society and how to live in it under Gods law. It's all a SHAM and the people have bought into it for they know no other. So look in the mirror and ask that reflection why it lied to you and it will answer “**IT'S YOU NOT ME; THE REFLECTION, YOU MAKE, IT BELIEVE IN THE SOCIAL BULL SHIT, WAKE UP YOU; REFLECTION ARE NOT REAL NOR IS YOUR SOCIETY! STOP VOLUNTEETING TO BE THE REFLECTION CONTROLLED BY A THIRD PARTY!**”
